# HART SHAW

Chartered Accountants & Business Advisers

Hart Shaw offers a range of services to provide you with an external review of your business. We assess internal and external risks affecting your company and provide guidance on minimising the impacts of these.

We view the audit process as an opportunity for us to add value to your business, providing professional advice on systems and controls.

Our expert team offer independent and objective audits to businesses of all sizes in various sectors, which comply with professional ethics and the highest technical quality.

Our expertise in assurance and advisory services includes:

- Statutory and specialist audits
- Business risk services including internal audits and risk management
- International financial reporting and auditing standards
- Specialist knowledge in dealing with solicitor accounts
- Expertise in pension scheme audits and ensuring they comply with reporting requirements
- Supporting charity and not for profit organisations
- Non-statutory audits
- Audits of businesses directly authorised by the Financial Conduct Authority
- Assurance reports under the Landlords & Tenants Act and for registered social landlords

We are registered to carry out audit work by The Institute of Chartered Accountants in England and Wales, which monitors the help we provide. Independent examiners from the UK200 Group of practising accountants also regularly assess all of our client services.

### US companies

Hart Shaw LLP is able to audit UK-based subsidiaries of US-owned companies, as it is registered with the Public Company Accounting Oversight Board, a private sector, non-profit making corporation created by the Sarbanes Oxley Act 2002 to oversee the auditors of public companies.

Hart Shaw is a leading independent firm of Chartered Accountants & Business Advisers.

We have always valued the advice and expertise we have received over many years from Hart Shaw. They are there for us whenever we need them and, very importantly, we trust them.
