

INVITATION

International Business Seminar - 13th May 2014

**So you want to trade overseas
What support is available and what should you consider?**

As we recover from the worldwide recession, more and more companies are looking overseas to grow their businesses. Some are looking to open new markets and some are even investigating the possibility of opening overseas locations.

Whatever approach interests you, this seminar is designed to outline the support and advice that is available to help you in your ambitions. We will also be highlighting the pitfalls and the consequences of mistakes that have been made in the past.

The speakers from Finch, Taylor and Emmet, Hart Shaw, Business Growth Fund and the South Yorkshire International Trade Centre will be discussing subjects as diverse as:

- Risk implications
- Tax considerations
- Legal strategies
- Finance options
- Technical support for international expansion

The event has been designed with Senior Management in mind and we would all be delighted if you would join us.
