

PROJECT SILVER – SECURITY SERVICES BUSINESS FOR SALE

Opportunity

The following information is presented in relation to the opportunity to acquire 100% share capital of an established reputable Company with extensive experience in the design, installation and servicing of a variety of surveillance and security solutions systems.

Products and services

The company's activity can be split into three main areas:

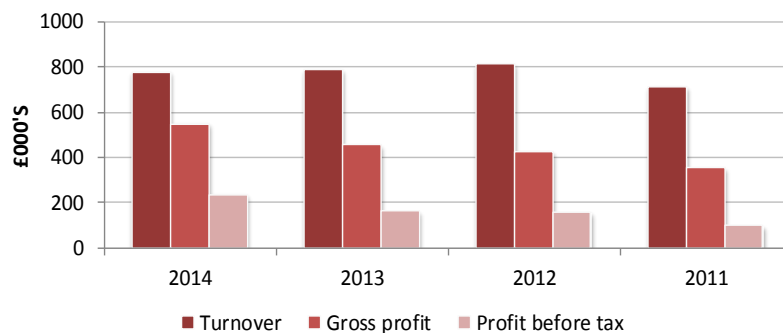

- System sales
- Rental/leasing of systems
- Maintenance of systems

Customers and markets

The Company receives regular contract renewals due primarily to the quality of their products and high level installations and maintenance. The majority of customers have been with the company for over 10 years.

In addition to contract renewals and new work from multi-site customers, most enquiries are a result of recommendations and referrals, without the need for the Company to incur spend on advertising. This highlights the potential for an acquirer to expand the current customer base, through the use of marketing and advertising, generating significant additional revenues.

Financials

- Income from existing contracts worth over £1,070,000 over the next 5 years
- Non-contracted income of c£154,000 per annum

Company structure

The Company is fully supported by highly skilled and knowledgeable management and staff with many years of experience in the industry who have relationships with all the Company's customers and suppliers

Location

The Company operates from leasehold premises in South Yorkshire. Trade could either be continued at the current premises or relocated to another facility, without impacting the business.
